**DETAILED ACTION**

***Claim Rejections - 35 USC § 102***

1. The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless –

(b) the invention was patented or described in a printed publication in this or a foreign country or in public use or on sale in this country, more than one year prior to the date of application for patent in the United States.

2. Claims 17-32 are rejected under 35 U.S.C. 102(b) as being anticipated by Scholten et al. (4,969,888). Scholten et al. disclose, in col. 6, line 9 to col. 8, line 45, a system for treating bone as claimed. Scholten et al. disclose a first access tool (30) or cannula; a second, different (in size) access tool (91); a first void forming tool (76), a second void forming tool (95), a nozzle (80), an elongate member or catheter ("an irrigation nozzle (not shown)"), and a filling material that includes bone cement, a synthetic bone substitute, or a flowable material (see col. 7, lines 32-35); where the first void forming tool is an expandable, inflatable body or balloon with the predetermined shape of the "inner surface of the cortical wall of the vertebral body, " and where the expandable body is restrained by a neck (77).

***Response to Amendment***

3. Applicant's arguments with respect to claim 1 have been considered but are moot in view of the new ground(s) of rejection.

Art Unit: 3731

***Conclusion***

4. Applicant's amendment necessitated the new ground(s) of rejection presented in this Office action. Accordingly, **THIS ACTION IS MADE FINAL**. See MPEP § 706.07(a). Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire **THREE MONTHS** from the mailing date of this action. In the event a first reply is filed within **TWO MONTHS** of the mailing date of this final action and the advisory action is not mailed until after the end of the **THREE-MONTH** shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than **SIX MONTHS** from the date of this final action.
